

# FIFTY-ONE GO ON TRIAL TODAY

Government Opens Conspiracy Case Against Ironworkers In Indianapolis

700 WITNESSES TO BE EXAMINED DURING TRIAL

2 of Indicted Men in Prison, 1 Dead—Case Opens 2 Years After Times Dynamiting

Federal grand jury convened Nov. 7, 1911. Examined 400 witnesses. Returned indictments Feb. 6, 1912. Number of labor leaders and others indicted, fifty-one. Arraigned on March 9, 1912. Conspiracy trials began, Indianapolis, Oct. 1. Number of witnesses to be examined, 700. Probable length of trial, not less than three months. Possible sentences, two years' imprisonment on conspiracy charge, 18 months on each charge of unlawfully transporting explosives. Presiding judge, A. B. Anderson federal district court.

INDIANAPOLIS, Ind., Oct. 1.—The final chapter in what the government alleges was a gigantic conspiracy on the part of iron workers and others to fight their battles with dynamite and nitroglycerin began here today. The cases of fifty-one outlaws of the International Association of Bridge and Structural Iron Workers and other union leaders indicted by the federal grand jury here on Feb. 6, 1912, on charges of conspiracy, were called in federal court before Judge A. B. Anderson.

There was considerable comment over the coincidence that two years ago today, the Los Angeles Times was dynamited, resulting in 21 lives being lost; the sentencing of J. J. McNamara, former secretary-treasurer of the iron workers, to 15 years, and his brother, J. B. McNamara, to life imprisonment in California and precipitating the investigation by the government which culminated in the present trials.

The McNamaras and John J. McCray, former member of the iron workers' executive board, were the only men indicted by the federal grand jury not expected to appear in court today. McCray was never found and the government authorities believe he is dead.

Immediately after court convened, Olaf A. Tveitmo, secretary of the California Building Trades Council, and previously indicted at Los Angeles in connection with the dynamite conspiracy, and E. A. Clancy, both of San Francisco, were arraigned on the indictments returned here. Both pleaded not guilty. When indicted, Tveitmo and Clancy, who were, then, in California, requested that they be arraigned when the trials opened, which was granted.

The fifty-four defendants were arrested on charges of conspiracy. In the indictments returned by the federal grand jury, forty-seven violations of the law are shown. All the defendants are alleged to have conspired to bring about these violations.

Other indictments in addition to the general conspiracy indictment on which the arrests were made, charge the defendants with transporting nitroglycerin. Others charge them with aiding and abetting Orville McManigal in the unlawful transportation of nitroglycerin. Another charges the defendants with carrying dynamite and another with aiding and abetting McManigal in the transportation of dynamite. In drawing the thirty-two dynamite indictments, District Attorney Miller endeavored to cover every possible phase of the dynamite cases, which accounts for the fact that in many instances, the same alleged transactions are the basis for different charges.

The federal grand jury convened here Nov. 7, 1911. Four hundred witnesses from various parts of the country were examined. On Feb. 6, 1912, indictments were secretly returned and writs were issued and sent to United States marshals in the districts where the indicted men lived. Simultaneously all over the country, the defendants were taken into custody by United States marshals. The only man indicted who was not found was McCray, and according to information in possession of the government, he died in West Virginia before the grand jury convened.

That the present trial will last not less than three months and may possibly be in progress for six months or more, was the declaration of District Attorney Miller, who is in charge (CONTINUED ON PAGE FOUR)

## ENROLLMENT HAS PASSED 2,000 MARK

2110 Pupils in Santa Ana City Schools at Opening of the Fall Term

## COMBINED HIGH SCHOOL ENROLLMENT UP TO 559

Roosevelt, McKinley and Lincoln Have Congested Conditions in Some Grades

The 2000 mark has been passed in number of pupils in the Santa Ana schools.

Today Supt. of City Schools J. A. Cranston announces an enrollment of 2110 pupils at the opening of schools this fall.

This differs from the report published yesterday in which the regular high school enrollment was made to include that of the commercial high, these being respectively 443 and 116, making a total of 559 high school students instead of 438.

Fifth street enrollment was not reported yesterday, and this with the correction in the high school enrollment plus minor increases in other schools brings the total enrollment to 2110, this being a big increase over any previous enrollment in the history of the city schools. This will be more readily seen by a comparison of figures for 1909, 1910, 1911 and 1912 as given below:

Comparison by Years	1909	1910	1911	1912
High School	380	403	402	443
Com. High	—	—	60	116
McKinley	370	357	379	354
Roosevelt	325	321	340	421
Washington	494	261	188	205
Lincoln	—	305	307	336
Jefferson	—	—	172	206
Fifth Street	—	—	20	29
Totals	1569	1707	1888	2110

## Congested Conditions

Congested conditions already exist in some of the grades, with the probability that the attendance will be considerably increased after the closing of the walnut-picking season. The schools particularly crowded are Roosevelt, McKinley and Lincoln.

Good spirit prevails and the schools begin quite well systematized. The prospects are flattering for a successful year. Many new teachers are seen, all of these coming with good credentials.

LOS ANGELES, Oct. 1.—Miss Warina Stack, 16 years old, was probably crippled for life yesterday morning when she was knocked down and dragged a short distance by a north-bound street car on Sunset boulevard, as she stepped from behind a south-bound car at Elysian Park avenue. At the Sister's Hospital it was stated that Miss Stack sustained a compound dislocation of the right knee. The flesh on the leg was so badly lacerated it is possible the limb may have to be amputated. Miss Stack lives with her parents at No. 1066 East Park avenue. The car that struck her was in charge of Motorman Woodward.

LAWRENCE, Mass., Oct. 1.—Trouble broke out again at 6 o'clock this morning when many of the workmen attempted to return to work following the "one day strike" protest against the trials of Joseph Et-tor and Arturo Giovannitti for the alleged murder of Anna Lopizzo growing out of the former textile strike in this city. The men were refused their positions back because they stoned the mills yesterday. Fifty were beaten into insensibility by the police when they started a demonstration.

William D. Haywood, general organizer of the Industrial Workers of the World, took charge of the strike today.

## POLICE BRUTALITY TO NEWSPAPER MAN RABID

BOSTON, Mass., Oct. 1.—"I never saw anything to equal the brutality of the Lawrence police," said A. H. Waldron, a newspaper photographer, whose camera was destroyed by the Lawrence police Monday. As I was taking a picture of the fray, a policeman leaning over the head of a man he had knocked down in the street, turned to curse me. He yelled: 'You'll try to get us in bad, will you—you'll never get that scene on the plate.' Then one policeman kicked my camera from my hand and destroyed it. Others attacked and beat me."

## PLANS CHANGED SO THAT WOMEN NOT INCLUDED IN THEM—PETITION FILED

Trustees Do Not Revoke Poolroom License Issued to Jones; Victory Won in Getting Rid of One Objection Cited By Protestants

Final disposition of the poolroom license granted recently to Harry A. Jones of Los Angeles was not reached last night. There was about an hour's discussion, Attorney Clyde Bishop representing those opposed to allowing another poolroom to operate in Santa Ana and those who signed the petition asking that Jones' license be revoked. Attorney Ensign of Los Angeles representing the poolroom capital backing Jones and Attorney Bassett of Orange representing Jones. The discussion was productive of several sharp passages of words, and a tactless, uncalled for fling at the judge of the superior court by Attorney Bassett, but the evening's round-up did not result in corraling the poolroom by either party. On motion the remonstrances were placed on file, and the license will come up next Monday night for final disposition.

The action, in short, means that the trustees refused to rescind the action granting the license.

Under the new poolroom license ordinance, the licenses of all poolrooms must be acted upon every three months, so that next Monday night the licenses of the eight poolrooms already running in Santa Ana will be up for re-issuance. This fact played a part in last night's discussion.

The fight made by McPhee and the activity of the women won a big victory in that it knocked out all provision for a department for women, which was the chief source of fear. The women consider that victory worth all their effort.

## Property Owners Object

The hearing was opened when City Clerk Burke read a remonstrance signed by the property owners on the west side of Main street between Fourth and Fifth, the only property owner not signing being the owner of the building leased by Jones. The signers were A. Vanderlip by G. A. Edgar, First National Bank, Rankin Dry Goods Co., and Abstract & Title Guaranty Co.

Clerk Burke then read the resolution passed by the Ebell Society petitioning the board to rescind the action granting the license. A letter from the secretary, Miss Minter, stated the society had 368 members. Bishop stated that he represented some of the ladies who were opposing the licensing of the poolroom, ladies who are anxious to build up the city morally.

"I represent no faction and no poolroom," said he, "and I appear without compensation. From the showing that has been made here, with all these ladies present, you cannot believe otherwise than that a majority of the electorate of this city is opposed to establishing this poolroom. If it is to the best interests of the city, you ought to rescind your action. If you have read the names of the women signed to that petition you know that they are women whose lives are being spent in the upbuilding of homes and this city. You know they are vitally interested."

"I say we have poolrooms enough. You know that some of our poolrooms are not conducted in a way to further the upbuilding of our young men. You know that Mr. McPhee spent six months getting evidence to put a Japanese poolroom out of business, and as he said got enough evidence to hang every Jap in Orange county. And there was the case of Billy Hill."

"I don't know Mr. Jones. His character may be of the best. You know, however, that all but two or three poolrooms of this city have not been conducive to the best interests of the young men. Moreover, I do not think this license legally granted."

Attorney Ensign stated that he represents the capital behind Jones and also "in a modest way the Southern California Bowlers' Association, which has 2000 women members." He said the application had been injudiciously drawn, and with the fear of harm, the ladies of the city seized upon the phase of a ladies' department and pro-

posed to have been about \$7000.

## "BILL" FLINN GIVES LIE TO BOIES PENROSE FACE TO FACE

WASHINGTON, Oct. 1.—"If Boies Penrose says I offered him or anybody else two million dollars to be elected United States senator from Pennsylvania, he lied."

This denial was made before the senate campaigns contributions committee today by William Flinn of Pittsburgh. Flinn is leader of the Progressives in western Pennsylvania and it was largely due to his efforts that delegates to the Chicago convention were instructed for Roosevelt. Penrose was present. Flinn choked with rage, faced around to his accuser when he made the statement.

Elen M. Booker, treasurer of the Progressive national committee, followed, the stand. He testified contributions to Roosevelt were present. Flinn choked with rage, faced around to his accuser when he made the statement.

Powers Fear Partition of Turkey—Greek Ships Ordered From Turkish Waters

VIENNA, Oct. 1.—War in the Balkans is nearer today than ever before. Within twenty-four hours a determined assault of the banded Christian nations of Servia, Bulgaria, Greece and Montenegro is expected to begin an effort to break forever the power of Turkey in the western world.

The Bulgarian minister to Port Said has been recalled. King George of Greece is hastening home. If war is actually begun it is expected he will take charge of the combined armies, which if successful will abolish Turkish rule in Christian lands.

## REPUBLICAN PARTY HAS BOSSES BUT HAS LEFT OUT THE PEOPLE

CHATANOOGA, Tenn., Oct. 1.—Col. Roosevelt while here had the following to say of the Democratic situation in New York:

"I see by the papers that Wilson wants Tammany to put up a good man for the New York governorship. Why didn't he interfere regarding the vice presidency? His colleague on the ticket is one of Taggart's men and the Indiana machine is not one whit better than the Tammany machine."

Five thousand persons who heard Roosevelt's speech applauded him heartily. A party of college students yelled.

One of the excerpts from Roosevelt's speech was: "Only the Republican party's shell remains. It contains the machine, the bosses and the special interests—everything but the people. Penrose, Barnes and others regard the injection of the people's rule into the party as an unwarranted impertinence."

## BIG INCREASE IN THE ROLL

Fullerton High Buildings Not  
Completed But Classes  
Meet There

FULLERTON, Oct. 1.—The Fullerton Union High School opened yesterday for the fall and winter term with an enrollment of 200. Last year the school had an attendance of 168 pupils, making the increase for this term about 25 per cent. At this rate the school will double its attendance in four years. Although the group of new buildings has not been completed the work is far enough advanced so the schools could open in them. The buildings will cost more than the first estimate and the cost may total up \$250,000 by the time they are completed.

The high school has fourteen teachers for the new term, an increase of three over last year.

The Fullerton grammar schools have opened with an attendance of 357, which is an increase of 21 per cent over the last term.

Consular Report Shows Net Single Steamship Under U. S. Flag Cleared Australian Ports in 1911

WASHINGTON, Oct. 1.—Decline of the American merchant marine in the Pacific is strikingly shown in the consular report to the Bureau of Foreign and Domestic Commerce from Australia, which states that during 1911 not a single steam vessel flying the American flag cleared from an Australian port.

A small number of American sailing schooners and barkentines, with lumber from Puget Sound, were the only American vessels seen in Australia ports during the year.

## HIS SUPPORT ROOSEVELT'S

S. M. Davis Cannot See Way  
Clear to Voting For Former  
Head of His Alma Mater

Though a Princeton alumnus, Attorney S. M. Davis of Santa Ana cannot see his way clear to give aid to the supporters of Woodrow Wilson, former president of Princeton.

A few days ago Davis received a letter from William H. Edwards, who as a Princeton man makes an appeal to other Princeton men for support for the old "prexy." Davis could not see it that way.

Edwards' letter follows:  
My Dear Mr. Davis:—I have been asked by Mr. Rolla Wells, Princeton '76, treasurer of the Democratic national committee, to assist in raising funds toward defraying the expenses of the Wilson and Marshall campaign. I am enclosing his letter to me.

College subscriptions are being received through the Woodrow Wilson College Men's League, whose headquarters are at the Hotel Imperial, Thirty-second street and Broadway, New York City. This league is doing a wonderful work. It was organized by William F. McCoombs, and has the sanction of Governor Wilson.

Should you desire to contribute toward this campaign, you will please send your cheque to John L. de Saules, treasurer. As a receipt for your contribution, an engraved certificate with the portraits of Wilson and Marshall, and their autographs, containing the amount of your contribution, will be sent you. The denominations of these certificates are \$1, \$2, \$5, \$10, \$25, \$100, \$500 and \$1000.

College clubs are being formed throughout the country, and college men are affiliating themselves with this organization. We desire you to co-operate with us, and become a member.

Let each man interested in this work get in and do his best to bring about that which he thinks means so much to the country.

Very sincerely yours,  
WM. H. EDWARDS,  
Princeton 1900.

Davis' answer was as follows:  
Wm. H. Edwards, Esq.,  
Treasurer, Woodrow Wilson College Men's League, Hotel Imperial, New York City.

Dear Sir:—I am in receipt of your letter of Sept. 18th sent me asking to assist in raising funds toward defraying the expenses of the Wilson and Marshall campaign. I notice that you are a graduate of Princeton of the class of 1900.

While I am a graduate of Princeton, I do not feel inclined to contribute toward defraying the expense of the Democratic national committee for the election of Woodrow Wilson as President, for the very good reason that I am supporting, and there is very good prospect of electing, in my opinion, a much better man on a much more advanced platform; to wit: Theodore Roosevelt on the Progressive platform as announced at Chicago on August 7, 1912. As a Progressive I am not giving my vote of money for the election of any Democrat. If the voters in your state believe as do the voters in California with reference to the merits of the various platforms I do not believe it will pay you to spend your time and money trying to elect Woodrow Wilson.

### MONEY BACK CATARRH REMEDY

Dosing the stomach won't kill Catarrh germs. Neither will sprays, douches, snuffs, or ointments.

The quickest way to kill germs is to breathe deep into the lungs the vaporized air of Booth's HYOMEL. As this antiseptic air passes over the sore spots infested with Catarrh germs, it not only destroys them, but heals the inflamed membrane and stops the discharge of mucus.

Then hawking, spitting, snuffing, crusts in nose and foul breath will disappear, and vile, disgusting Catarrh will be conquered.

A complete HYOMEL outfit, which includes a hard rubber inhaler, only costs \$1.00. Extra bottles, if afterwards needed, 50c; and Rowley Drug Co. is authorized to refund your money if dissatisfied.

### GETS CONNECTION WITH THE POMONA VALLEY LINE

The local office of the Pacific Telephone and Telegraph Company has received telegraphic information from division headquarters in Los Angeles announcing the final completion of toll connections with the Pomona Valley Telephone and Telegraph Union. In this manner another large independent company has allied itself with the interests of the Bell company, to the distinct advantage of the general public.

This connection is by far the most important that has ever taken place in Southern California. The Pomona company has a total of over 4500 subscribers, their exchanges being located in Pomona, Claremont, Chino, Lordsburg and San Dimas, from which telephone service is given throughout the Pomona Valley. The territory in which the Pomona company operates covers more than 100 square miles. It is strictly a local company, its securities being held entirely by local stockholders, of whom there are over 100.

## ASSOCIATION ORGANIZED

Villa Park Growers Get Together to Market Their Oranges

Orange News: At a meeting of Villa Park orange growers held Saturday it was determined to organize an association devoted to the marketing of fruit of that district exclusively.

The report of a committee appointed recently to investigate the marketing question was submitted and adopted. The committee recommended that an organization be effected to work under the Exchange, employ A. M. Pratt as manager, and use the brands of the Elephant Orchard Company.

Mr. Pratt and D. E. Huff of the Sunset Fruit Exchange, both addressed the meeting. There were between forty and fifty growers present, and the report was unanimously adopted.

By a combination of the Exchange system and the Elephant brands, the new organization hopes to profit by the advantage of both. The membership of the association is to be limited by boundaries to be laid out for the district.

Some 350 acres of orchards were signed up for the new association without soliciting, and it is believed that a great deal more will be shortly secured. J. L. Wheeler, F. D. Collins, T. O. Walker, W. A. Knuth and Willard Smith were named as directors to organize and incorporate the association.

It is stated that a packing house will be provided for the use of the association. One of the new directors estimates that the association will market 350 cars during the first year.

### ANNOUNCEMENT OF ALPHABET ADVERTISING CONTEST WINNERS

By an oversight the result of our misspelled word advertising contest was not announced in yesterday's paper as heretofore.

The misspelled words in last Friday's paper were "disc," misspelled "disk," in the advertisement of Shaffer's Music House and "brier" misspelled in the Smoke House advertisement. All the correct answers were placed in a hat and two of the coupons containing the answers were then drawn as the winners.

Maurino E. Baker, 820 West Fourth street gets first choice of the awards, and Helen H. Randa, 717 East Seventeenth street wins the remaining prize. The winners should call at the Register office as soon as convenient and receive their prizes.

## LOGICAL CONSISTENCY?

It is difficult to understand the mental and spiritual processes of those Republicans who propose to support Wilson instead of Roosevelt, Kettner instead of Evans, or Hart instead of Anderson, or Mills instead of Weisel.

In the case of the presidential candidates we get some inkling of logical thought and action in the view that the Taft Republicans are turning to Wilson because they realize the utter hopelessness of the Taft candidacy and desire to revenge themselves on Roosevelt. And of course there are a few Progressive Republicans who, for one reason or another, are against Mr. Roosevelt and naturally turn to Mr. Wilson. A few anti-Taft Republicans, regardless of their pro-affiliations, will support Mr. Wilson because they think neither Taft nor Roosevelt can be elected. But in any case it seems a very inconsistent sort of Republicanism that would support a Democratic presidential candidacy this year. The Taft Republicans are very bitter against the Roosevelt Republicans—that is, they bitterly resent the exercise of the unquestionable prerogative of all Republican voters to make a choice between a Progressive Republican and a reactionary Republican; or, as some claim is made among the Taft Republicans that their candidate is a Progressive, those who make such claim place themselves in the attitude of denying Republican voters the right to prefer one Progressive Republican over another, although it is perfectly clear that the denial of this right is directed by the minority against the majority.

In local affairs we have an equally edifying spectacle of logical consistency on the part of those Republicans who propose to knife the Republican nominees for the senate and assembly, respectively. Anderson and Weisel were nominated at a Republican primary election, after a fair and open fight, on a cameo-clear-cut issue. They are both life-long good Republicans and good, clean, honorable men. Their only sin is the political sin of preferring Roosevelt to Taft for president, and their fealty to the principles of Progressive Republicanism as against those of reactionary Republicanism. Granting for the sake of argument that, from the Taft Republican point of view, this political sin is of sufficient magnitude and pulchritude to warrant Taft Republicans in opposing these candidates, how in the name of all that is right and reasonable is the matter to be bettered by the election of Democratic legislators?

And just think what wailing and gnashing of teeth, what a holding up of hands in holy horror, what a cry of treason and traitor, there would have been if Chapman and Rutan had won at the primaries and Progressive Republicans had proposed to knife them by throwing their support to Hart and Mills!

The fact is, that but few Taft Republicans will stultify themselves by supporting Democratic candidates,

## Another Fine Program of Progressive Legislation

San Francisco Bulletin: Besides naming electors pledged to Theodore Roosevelt and Hiram W. Johnson the Republican State convention adopted a platform which includes a fine program of progressive legislation. Instead of confining itself to the platitudes of the conventions of former Presidential years it plucked its members, all of whom were either State Senators or nonmembers of the Legislature, to strive for the passage of laws for the benefit of the people of California.

Among the measures to which every Republican legislative nominee was committed were many designed to promote social and industrial justice. In this list are a safety appliance law, investigation of occupational diseases, extension of the eight-hour law and prohibition of night work for women, one day's rest in seven for all workers, three shifts a day in all twenty-four-hour industries, publicity of wages, hours and conditions of labor, full reports of industrial accidents and diseases, a weekly payday for all workers, the application of the workers' compensation act to trade diseases, and State relief for mothers of dependent children.

Other planks of the Republican platform call for a "blue sky law" to protect small investors from stock swindlers, laws to suppress "loan sharks" and to prevent extortion by "installment" houses, and a law providing for a system of State supervision that will put an end to cheating by weight and measure.

That is a program worth while. Furthermore, it will surely be carried out, for it is put forth by the supporters of the State Administration that redeemed the pledges of the progressive State platform of two years ago. These men believe with Theodore Roosevelt that a political platform is a contract with the people. They have proved their worth, and the November election will once more give them power to promote the public interest by progressive legislation.

either in state or nation. The corrupt bosses and those who take their orders may do so, and a few others who are deceived or misguided, but the rank and file of intelligent, sincere men and women who have honestly committed themselves to the Taft candidacy will either see the error of their way and vote for Roosevelt, or go down with their Taft ship; and regardless of how they vote for president they will stand by the Republican legislative nominations—Evans for congress, Anderson for state senate and Weisel for the assembly.

People sometimes tell the home merchant that he does not sell quite as low as some metropolitan department store, and ask why he can or does not do so. Most of these remarks are off-hand and made without investigation. Here in Santa Ana such statements are generally untrue. It is amusing to see the bother people will put themselves to for the sake of a few cents they think they are saving. They will travel to Los Angeles, will spend street car fares, pay for luncheon or a hotel bill, and buy a lot of things they don't want and don't need. They do not reckon all this in the cost of their purchases. They get tired and footsore tramping around from one store to another, spoil the fun they might have by sight-seeing or attending entertainments, just to make what seems to them to be a saving. Another phase to be considered is that of exchanging purchases. Once an article is bought and brought here from Los Angeles it is likely to remain even though it proves defective or otherwise unsatisfactory. If the same article had been bought at a local store, the purchaser would have taken the article back to an accommodating merchant ready to do the right thing.

## POLITICAL WATCHTOWER

Supervisor H. E. Smith, whose card appears today in the political announcements, has two nominations for supervisor of the first district, he was a candidate for and secured the Republican nomination, and his name was written by many Prohibitionists, and thus he was also given the Prohibition nomination.

Supervisor Smith has served this county faithfully and well as supervisor. He is a pioneer of this section, and has had an important part in the development of the city. No man ever doubted Smith's honesty, for he is as honest as the day is long, counting the day for a twenty-four hour day. He gets on the right side of all moral questions, because that is the way he feels and believes. By occupation he is a cement contractor. He is a Union army veteran, his friends are numbered by the hundreds.

William Schumacher of Buena Park was here for a time today. Schumacher is the Republican nominee for supervisor of the third district, and all indications are that he is making a vigorous campaign. Mr. Aljean, an Anaheim newspaperman, who was with Schumacher, says the chief interest in politics up his way centers in the supervisory fight. Schumacher is handing out cards that bear this: "What his home precinct, Buena Park, thought of him at the primaries—139 to 3. Good roads. Square deal."

of the case for the government. According to some of the attorneys for the defense, however, the trial may last six or seven months at least.

Seven hundred witnesses have been summoned. The government has subpoenaed 400 already and the defense nearly that number. It is probable that as the case progresses others will be called.

The trial has called forth a great array of legal talent. W. N. Harding, an Indianapolis attorney, is chief counsel for the defense, but nearly every defendant is represented by an attorney. United States Senator John W. Kern of Indianapolis, is one of the defense counsel.

District Attorney Miller is assisted by Assistant District Attorney Charles W. Nichols and Special Assistant James W. Noel.

In the general conspiracy indictments Ortie McManigal and J. B. McNamara are charged with actually carrying explosives from one state to another in violation of the law on forty-seven different occasions. The government charges that the fifty-four men named in the indictment had knowledge of this illegal transportation and were a part of the conspiracy. It sets forth the acts in furtherance of the conspiracy, each trip McManigal and McNamara made being set out with the dates and the trains on which they traveled.

McManigal Well Guarded  
INDIANAPOLIS, Oct. 1.—All of the fifty-one defendants were present when the trials of the labor leaders for conspiring to transport dynamite were called at 9 o'clock, except Daniel Brophy, who is confined to his home with a broken leg.

Ortie McManigal, the confessed dynamiter, was brought into court guarded by six detectives and twelve bailiffs. He smiled and enjoyed the attention he attracted.

Accused Score Victory  
INDIANAPOLIS, Oct. 1.—Attorneys for the Structural Iron Workers won a victory today when Judge Anderson set aside an order for the consolidation of the trials of the fifty-one men charged with transporting dynamite illegally.

Olaf Tveitmo, the California Building Trades secretary, and E. A. Clancy, the San Francisco laborite, pleaded not guilty.

McNAMARAS HAVE NOT BEEN CALLED ON TO TESTIFY  
SAN QUENTIN, Cal., Oct. 1.—Probability of either James B. or John J. McNamara serving sentences in San Quentin prison for dynamiting the Los Angeles Times building, going to Indianapolis, to testify in the cases against the officials of the International Association of Bridge and Structural Ironworkers are reported, according to an opinion expressed by Warden Hoyle.

"So far as I know," said Hoyle, "neither of the brothers has been asked to testify. If either the defense or prosecution plans to have either of the McNamaras testify in the case, I have heard nothing of it."

## WERE READY TO PAY THAT \$29,000,000

CHICAGO, Oct. 1.—That the directors of the oil trust had determined to pay the \$29,000,000 fine imposed by Judge K. M. Landis without further legal battle when it was reversed by the United States Court of Appeals, was intimated here by C. W. Stahl, secretary of the Standard Oil Company of Indiana. This was developed while Stahl was testifying of charges by the Waters-Pierce Oil Co. that the Standard Oil Company had disregarded the dissolution decree of the United States Supreme Court.

At the very first meeting after the United States Court of Appeals had reversed Judge Landis' order, said Stahl, the directors increased the capital stock from \$1,000,000 to \$29,000,000. The stockholders considered, Stahl said, that the reversal had increased the company's assets just \$29,000,000.

The meeting of the Women's Civics Club which will be held at the City Hall next Saturday afternoon, October 5th, promises to be one of more than usual interest. It is the purpose of the club to join forces with these organizations in helping to make Santa Ana a City Beautiful.

The members of the club are asked to keep the date in mind, also all other women of the city interested in helping this movement. Come and bring your friends and neighbors. Fruitade and wafers will be served at the close of the meeting and the meeting will take on the form of an informal reception.

### WOMEN SHOULD BE MORE LOVELY AT 40 THAN AT 20.

In the October Woman's Home Companion, Harvey W. Wiley, former chief of the United States Bureau of Chemistry, writes an article on "Intelligent Eating." He gives a great many practical suggestions, and on the subject of women says:

"Women should be especially careful to choose the right diet. For the sake of her beauty, if nothing else, a woman should choose the right amount of nutritive foods, and avoid the temptations of over-eating. Coarser bread, more fruit, less meat, and especially moderation, or total abstinence, in the use of tea and coffee will secure relief from the all too retarded action of the digestive organs which is the curse of so many women who lead sedentary lives. No woman who eats properly and gets plenty of fresh air and exercise will have a poor complexion nor get too fat; neither will she suffer from nerves and hysteria."

"The woman who lives right, thinks right, and works right may be more beautiful at forty or sixty than at twenty, and the preservation of the divine gift of beauty is a duty that no woman should neglect for her own sake and the sake of the world about her."

"It was formerly thought that the drinking of liquids with meals was highly injurious, and probably the over-drinking of liquids is injurious. Recent investigations, however, have shown that bad effects from drinking simple beverages are likely overestimated."

"Good milk, a glass of water, cider, or grape-juice, and even a little tea or coffee, well diluted with hot milk, may be taken at meals. Tea and coffee form but a temporary stimulant, due chiefly to an alkaloid caffeine which they contain. Too free use of these beverages causes nerve exhaustion and dyspepsia."

Trustee Grubb said that in an open letter he had explained his position. Since the ladies' bowling alley had been eliminated, his only objection was removed.

"If it is my duty to revoke this license," said he, "it is also my duty to vote against licensing the other eight next Monday night. Those eight poolroom keepers have families, and it is our duty to consider them. If you people want to get rid of the poolrooms of this city, you have an orderly way through the initiative and referendum. It is unfair for you to ask us to violate our conscience in refusing this one license. If nine are too many, eight are too many. If you want to abolish Jones' place, abolish all poolrooms. I have the courage of my convictions, and am going to act accordingly."

Mrs. G. P. Hill said that speaking of the families of the poolroom keepers, a woman had come to her for help, saying her husband had loafed around poolrooms, spent his money, incurred debts, left town and left her penniless. She thought Jones was coming here to make money to take out of Santa Ana, not to help Santa Ana.

Grubb replied that the hunger of the child of a poolroom keeper is just as great and just as much to be considered as the hunger of the child of a patron of such places.

Grubb moved that the remonstrance be placed on file. This motion carried, McPhee voting no. Mayor Ey was absent, not yet having returned from San Francisco. The motion means that Jones' license will come up for consideration at the next meeting of the trustees. Grubb stated that Jones would get the same consideration as other poolroom keepers, no more and no less.

The crowd then withdrew. That there is much interest in the matter was shown by the fact that all the seats were taken and a score or more persons were standing.

Settlement Reached  
City Engineer Finley reported that on Twelfth between Main and Spurgeon settlement had been reached by leaving the curb where it originally was, with Dr. Ball to be allowed the privilege of breaking the curb to keep his trees until they grow. The report was accepted and the curb was ordered in.

Grubb recommended that the width of each side of the proposed paving on East Fourth from the Santa Fe to Maybury street be seventeen feet. Under the original plan there would have been but fourteen feet on each side of the parking between Grand avenue and Maybury, which was considered too narrow. The matter was referred to a committee.

McPhee moved that Good Adams' taxes on a city lot at the corner of Third and Sycamore be remitted for this year, and half of last year's, for the use of the ground for hitching racks.

Officer Lacy was given a two weeks' leave of absence.

Motorcycle Officer Davenport was made a special policeman at \$100 a month, he to furnish his own machine and gasoline.

"Better inform him as to his rights to take bail," said G. W. Young, who was recently fined \$5 on Davenport's arrest.

"Legally he has no right to take bail," said City Attorney Heathman. Alderman reported that a contractor had been delinquent in putting in a curb on Bush between First and Third. The street superintendent was instructed to notify the contractor to hurry up.

Greenleaf recommended that one light be put on Hickey between Bristol and Baker and four lights on Bristol between Hickey and Washington. The lights were ordered in. Lights were also ordered installed at Oak and Maple corners on East First street.

The formal acceptance of the Pacific Telephone and Telegraph Co. of the franchise recently purchased by the company was accepted and spread up on the minutes.

The application of the Southern Counties Gas Co. for a franchise for pipelines on streets of the city was received. The clerk was instructed to advertise a notice of sale of such a franchise. The provisions of the proposed franchise have been practically settled upon between the Trustees and the gas company.

Grubb advocated a change in deeds for West Seventeenth street so that the present road on the Maybury tract

## MANUEL ASSURES HIS FOLLOWERS

Issues Manifesto to Effect That He is Loyal to His Own Cause

PARIS, Oct. 1.—Former King Manuel of Portugal yesterday issued a manifesto for consumption in Portugal. The statement is 1000 words long and is written around the King's denial of the report that he has abandoned his own cause. The statement also denies that Manuel has deserted those who have devotedly served him in his fight for his lost throne or his political work.

In part he says: "I cannot leave these stories undened and I repudiate them in the most formal and categorical manner. The false reports are profoundly injurious to my character as a man, my patriotism as a Portuguese, and my honor as a King."

Manuel goes on to say that he will always remain at the post of duty. He says monarchism is not dead in Portugal, which is dominated only by terrorism, the republic's sole force. He refers to the two years of revolutionary anarchy which followed his downfall and the falsified elections of October 5, 1910, which, he asserts, were a chance victory for a small faction in Portugal. He assures Portuguese exiles and those still in Portugal who are faithful to him that the flag of the monarchy is still waving in his hands.

## CROSS OR FEVERISH HALF-SICK CHILDREN

Mean Their Bowels Are Clogged; Liver Sluggish and Stomach Sour

—Your child isn't naturally cross, irritable and peevish, Mother! Examine the tongue; if coated, it means the little one's stomach is disordered, liver inactive and its thirty feet of bowels clogged with foul, decaying waste.

Every mother realizes after giving delicious "Syrup of Figs" that this is the ideal laxative and physic for children. Nothing else regulates the little one's tender stomach, liver and bowels so effectively, besides they dearly love its delightful fig taste.

For constipated bowels, sluggish liver, biliousness, or sour, disordered stomach, feverishness, diarrhoea, sore throat, bad breath or to break a cold, give one-half to a teaspoonful of "Syrup of Figs," and in a few hours all the clogged up waste, sour bile, undigested food and constipated matter will gently move on and out of the system without griping or nausea, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not dragging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful. Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

## OLD NEWPORT NEWS BUDGET

College Man Is to Give Free  
Singing Lessons at the  
Schoolhouse

OLD NEWPORT, Oct. 1.—A sudden change in the weather brought the thermometer up in a hurry, to keep pace with the soaring prices of commodities, mayhap, and at noon Monday it registered 93 degrees in the shade.

Mr. Kirk, a young graduate of the Stanford University Musical Conservatory, will be at the schoolhouse on Wednesday and Thursday evenings of this week, and will begin a series of free lessons on vocal music. He will teach notes and how to read them in singing. He will be there on Wednesday and Thursday evenings of each week for several weeks. Mr. Kirk is a singer of ability and a competent teacher of singing. All the young people of the community are invited to take advantage of this free instruction at the schoolhouse. No charge for admittance.

J. N. Kinney, the presiding elder of this district, will preach on Monday evening, holding the quarterly conference, immediately after. The Epworth League will hold a short business session just before the service. Let there be a large attendance at these meetings.

Mr. Hyder of Talbert, preached two excellent sermons at the schoolhouse Sunday in the morning and evening.

Three young people started in upon their year's work at the high school in Santa Ana on Monday morning. Miss Ester Segerstrom will be a senior, Miss Bessie McClain a junior, and Charles McClain in the first year.

Mr. and Mrs. J. D. Hunton went to Los Angeles on Saturday afternoon to visit over Sunday with some eastern friends who were old classmates.

## THE PRETTIEST, CHEAPEST AND BEST little Ranches in the whole state are right here in San Jacinto

San Jacinto is to have a new Hotel. Mr. Vosburg is erecting a fine Resort Hotel, after the general style of the Glenwood, Riverside, more evidence of the great prosperity that is taking place since the new Water Discovery. This new Hotel will have over two hundred foot frontage, and be strictly modern in every particular.

In addition there are two elegant Hot Springs Resorts, and the famous Mountain Resort of Idylwild near by, all contributing their share to the desirability of SAN JACINTO and vicinity as a home site.

In fact our beautiful valley has so much to offer in the way of inducements at this particular time, that anything in the form of advice from us, except a direct invitation to come and see with your own eyes, would be a useless expenditure of time, and possibly the loss of a good opportunity. Your eyes will tell you more than could be expressed in volumes. They will give you the whole truth, and in time to act to advantage. If you decide to come, either to look the Valley over, or as a prospective neighbor, you can rely on this organization for complete co-operation and advice at all times.

PERSONALLY we have no lands for sale, but we are interested in seeing our Valley grow and fill up with the right kind of people. We know from a close comparison of conditions and prices in the best localities throughout the southern part of the state, that lands around San Jacinto, and business property within the city, are being priced away under value.

The thrifty little city of San Jacinto, with its wholesale and commission houses, furnishes an up-to-the-minute market for everything that is raised.

A Committee with autos has been appointed to show everybody around free, and we extend a hearty invitation to all of our good neighbors to see this beautiful little valley of ours in all its glory. Come over on the Santa Fe in the morning, back in the evening. San Jacinto Board of Trade, San Jacinto, Cal.

LOOK for another message in this paper tomorrow. Send card for photographs and further particulars.

Every box in our vault is protected by a special guard mechanism and a double set of tumblers. Entrust your valuables to us—they will be safe from fire as well as theft.

## Hill's Corner

It is quite evident that galvanized corrugated Iron (and all flat sheets) will be considerably higher before this year is gone. There has already been several slight advances within the past thirty days, but we placed our orders early and the iron we have "to arrive" with a good stock on hand will hold this market steady for some time.

The general tendency is upward for all heavy goods in our lines and we have provided for the immediate future by placing our orders farther ahead than usual, by and by we will be compelled to pay the higher prices if our "guess" is correct.

Our stock of Plumbing goods is about complete and all our plumbers and tanners are busy.

The outlook for the year ahead is good, barring political errors.

MEMORABLE DAY IN  
HISTORY OF CHURCH

Orange News: Yesterday was "Home Coming Day" at the Christian church, and proved in every respect to be a success and a memorable day in the history of the church.

A special effort had been made to recruit a full attendance at all of the services and a splendid showing was made. At the Sunday school there was an attendance of 232. At the morning service Rev. Bentley spoke to a full auditorium, choosing as his sermon subject, "The Way Home."

Six additions to the church membership were recorded at the close of the service. Mr. and Mrs. Buell Fuller of Fullerton, contributed much to the success of this hour with their solos and duets.

Rev. Bruce Brown of Fullerton, was in the pulpit at the evening service and preached in his usual forceful style, well known to the local people. In addition to the choir music there was a beautiful duet by Mr. Wallace and Miss Fae Mellor. One addition to the membership was made at the close of the service.

The results of the day were a source of pleasure and gratification to the entire congregation.

LOS ANGELES PRODUCE MARKET

Peaches are selling very rapidly at about 2 1/2 cents a pound. A car that came in yesterday was disposed of before noon. Practically all plums on the market are taken from cold storage. There is a shortage in pears of good quality. Apples were received in larger quantities than for several days; 31,180 boxes came in. A small shipment of Snow apples appeared on the market, coming from Watsonville. Some local grown cactus apples were received and are bringing 75 to 80 cents a box. Arrivals of fruit generally were very light, as compared with a few weeks ago.

Watermelons are still cheap, and casabas are also selling at as low a rate as \$1.00 a crate.

Tomatoes are reported stronger by some of the dealers. Others, however, are quoting them as low as 15 cents. The arrivals of fresh stock are still fairly heavy, but the tendency in general seems to be toward a stronger market. Good tomatoes can be bought at prices ranging from 20 to 50 cents, although some are asking as high as 60. Sweet potatoes are very plentiful, and can be obtained for 1 1/2 cents a pound. Better stock is bringing 1 1/2 to 1 3/4 cents a pound.

There were no changes in the staple market. At the Produce Exchange eggs were reported weak on the San Francisco market at 39 1/2, butter steady at 34 1/2 and cheese steady at 16. Some northern cheese was offered at 16 on the local market, while eastern horns and daisies in small quantities were offered at 19 1/2 and 19. Some domestic Swiss wheel cheese was put up for sale at 22.

Arrivals were as follows: Eggs, 73,450 pounds; potatoes, 471 1/2 sacks; onions, 162 1/2 sacks.

A large shipment of White Clover honey was received yesterday, and the selling rate is \$3.00 to \$3.75 a case or 15 to 15 1/2 cents a pound.

Cracked wheat is quoted 5 to 10 cents higher, and there have been some changes in prices on corn.

## IN THE JUSTICE COURT

MARSHALL, TOO  
UNDER ARREST

Charles Free Gives \$1000 Bond  
and Returns to San Juan  
Capistrano

George Marshall, the San Juan Capistrano garage man who was hit over the head with a piece of gas pipe, has been placed in jail, and his preliminary examination has been set for Oct. 29. Marshall expects to give bond of \$1000, the amount fixed by Justice Cox this morning. The ar-

raignment was held in the county jail.

Marshall was struck on the head by Charles Free, blacksmith at San Juan Capistrano, in a quarrel over a woman. Marshall attacked Free with the piece of gas pipe and a revolver. Free was knocked down, but got up and got possession of the gas pipe, which he used on Marshall's head. Then, as Free fled, Marshall fired four shots at him and one bullet went through Free's leg.

This morning Free was given his liberty on a \$1000 bond furnished by John O. and Frank A. Forster, both of the mission town.

One thousand two hundred and three (1203) passengers rode on the new elevator Saturday, our opening day. Wonderful success of Gilbert's new daylight store. The biggest opening day we have had. Everyone delighted. Success everywhere at Gilbert's Daylight Store. This week's specials, \$15.00 Ladies' Suits and Long Coats.

You and your driving horse will like our shoeing. Smith, 407 North Birch.

W. D. Granger

Leaving \$20,000 for the benefit of orphans of Missouri and Iowa and \$5000 to a friend, the will of George Veeh of Orange has been filed with the county clerk.

The will states that Veeh is a resident of Orange, formerly of Phillips county, Kas. It was written at Orange on July 1, 1909, names W. D. Granger as executor, and was witnessed by W. H. H. Clayton.

In the will \$5000 is bequeathed to W. D. Granger, a banker of Orange. Today Granger applied for letters of administration on the estate, which he states is valued at \$61,000. Granger filed a statement in which he declines and refuses to accept any legacy bequeathed to him in the will of his friend, leaving it to be distributed to the heirs.

It is directed that half of the estate go to the widow, Margaret Veeh. Other distributions provided for are: W. D. Granger of Orange, a friend, \$5000; daughters, Annie Hempler, \$1200; Mae Vogel, \$1200; Martha Bethke, \$1800; Emma Veeh, \$3000; Mary Reeves, \$1500; Clara Veeh, \$3000; sons, Richard, August and Edward, \$3600 each, all residents of Kansas.

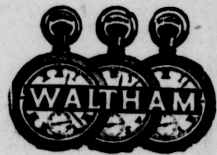

John F. Veeh, son of Orange, and Winnie Bethke, daughter, have already been provided for.

The sum of \$10,000 is left to the German Evangelical Lutheran Synod of Missouri and Ohio and other states, to be used for the orphans of Missouri, and \$10,000 for the orphans of Iowa, both to be distributed as the synod sees fit.

THE JEWELER

was begun today by the Delaware Union Oil Co. against Walter E. Burke as administrator of the estate of G. Ybarra, who died on March 25, 1889, and others. The cloud on the title seems to date back to Ybarra's time. Burke was appointed administrator in Los Angeles a week ago, evidently for the purpose of the suit brought here. The plaintiff alleges that it and its predecessors have had possession for many years.

"BOTH WANT SAME OFFICE,"  
IS THE ONLY DIFFERENCE

LINCOLN, Neb., Oct. 1.—W. J. Bryan in the Commoner on yesterday says: "On essentials Roosevelt and Taft are not far apart. They agree on the tariff and their chief point of difference seems to be that both want the same office."

WHEN A LAXATIVE IS  
NEEDED—"CASCARETS"

Gently Clean Your Liver and  
Constipated Bowels While  
You Sleep

—Take a Cascaret tonight and thoroughly cleanse your liver, stomach and bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out.

Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

EXTENDED LINE  
TO TEMESCAL

Forest Ranger at El Toro to be  
Put in Charge of Work East  
of the Range

The national forest men expect soon to extend their telephone line from the top of Old Saddleback down the mountain on the east side to Temescal. This will give the forest service a line from El Toro to Temescal, reaching entirely across the Santa Ana mountains.

Today Fire Warden Andrew P. Joplin, who is the lookout on the big mountain, was in town on business, Forest Ranger Stephenson of El Toro taking his place while he is away. Joplin will return tomorrow or Thursday.

"They are getting ready to build the line on to Temescal in a short time," said Joplin. "Supervisor Wheeler of San Diego, head of the reserve, was so well pleased with Forest Ranger Stephenson's work on the line from the mountain to Stephenson's house at El Toro that he is going to put Stephenson in charge of the building of the new line. It will go through some of the roughest country in our mountains."

Lumber is now being carried to the mountain to build a lookout house. At present the lookout lives in a small shack built on the mountain years ago during a government geological survey. The telephone line is connected with Fire Warden Adkinson's house and Joplin's house above the Trabuco. In a short time a telephone will be installed in James Sleeper's house in the Trabuco.

Joplin has been stationed on the top of Old Saddleback for the last month. As yet there have been no fires on this division of the national forest.

EASY AND SURE WAY  
TO CURE COLDS

Don't Neglect a Cold, Ely's  
Cream Balm Will Stop It  
in the Sneezing Stage

A cold generally attacks the weakest part, affecting the eyes and ears in some and producing nasal catarrh and throat trouble in others. A cold is due to an inflammation of the membrane lining the air passages, and may be promptly cured with a little Ely's Cream Balm, which immediately relieves the inflammation and all the distressing symptoms, such as sneezing, coughing, running at the nose and eyes, hoarseness, sore throat, fever, and headache. One reason why this pure, antiseptic Balm acts so quickly is because it is applied to the tender, sore surfaces.

Even in severe, chronic cases of catarrh, Ely's Cream Balm never fails to quickly and effectually check the poisonous discharge which clogs the head and throat, causing the disgusting hawking, spitting and blowing of the nose. This remedy not only drives out the disease, but heals and strengthens the weakened membranes, thus ending catarrh.

Catarrh is a filthy, disgusting disease. Don't put up with it another day. Get a 50-cent bottle of Ely's Cream Balm from your druggist and see how quickly you will be relieved. It is perfectly harmless.

POOR HUNTING  
OPENS SEASON

Ducks Flew High This Morning  
—Bombardment Promptly  
at 5:08 O'clock

The duck season opened this morning at 5:08 o'clock, and the opening bell in the gun club district near Westminster was followed by a great bombardment on every side. Every local hunter who could possibly get away was present.

The morning was ideal for hunting, there being a high fog, but for some reason the ducks were not flying well, except those that were flying east about two gunshot lengths too high. The average number secured was very low for those who quit at 7:30 a. m. when nearly all of the shooting had ceased. No doubt those who remained until later had better luck with the wind blowing. This would make the birds fly lower.

It is expected that when the rains begin shooting will be better. It was reported that careful watch would be made by gun club men for road shooters entering the preserves, but no arrests have been reported as yet.

AUSTRIA IS ASKING  
FOR AN EXPLANATION

VIENNA, Oct. 1.—It is authoritatively stated this evening that Austria asked Russia to explain the mobilization of troops now proceeding to Poland. It is suspected that the Czar, who is pretending to seek peace in the Balkans, secretly wants war. Austrian troops left tonight for the Balkan frontier.
